MEMORANDUM FOR: Chief, Policy Staff, Office of Security

SUBJECT: Rewrite of DCID 11/2

STAT

1. After a second review of the draft DCID, we concur in the version which accompanied your memorandum of 18 July 1958.

2. I feel that a number of the points made by [ ] in the analysis he made of the draft (a copy of which was sent to you sometime ago) are valid points that should be recognized in the DCID at some future date. From our review of the problem, it would appear desirable to settle some of the questions involved in the entire problem of dissemination before undertaking a more extensive revision of the "stamp act". The next rewrite of Regulation [ ] may be an appropriate time to consider the dissemination problem.
